## Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

*Claim Rejections - 35 USC § 102*

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1,3-7,10,11,15 and 18 are rejected under 35 U.S.C. 102(b) as being anticipated by Polzer made of record.

These claims stand rejected as discussed in the previous office action, with Polzer disclosing a retracting unit mounted to the bracket and having a stand and rotating portion connecting the bracket to the door mirror stay (see col. 2 lines 39-45 and 57-61).

*Claim Rejections - 35 USC § 103*

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 8,9,12-14,16,17 and 19-21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Polzer made of record.

The limitations of these claims stand rejected as discussed in the previous office action. Regarding claim 21, use of a known mounting jig to assist in assembling the bracket would have been obvious for the reasons set forth in the previous office action.

*Response to Arguments*

5. Applicant's arguments filed 4/24/02 have been fully considered but they are not persuasive.

Applicant has argued that the bracket(3) of Polzer mounts *directly* to the mirror base, and thus this reference teaches against the provision of a retracting unit. In response, it should be noted that the claims do not require the bracket to be mounted *directly* to the mirror base. Further, as noted above, Polzer does indeed teach a retracting unit for connecting the bracket to the mirror stay on the door, thus allowing retracting or folding of the mirror relative to the stay and thereby meeting the claimed requirements.

Applicant has further argued that Polzer does not teach the method steps found in claims 8 and 9, and therefore the limitations of these claims would not have been obvious. However, merely stating that a reference does not show the claimed features is not a proper traversal of an obviousness-type rejection. Since the statement of and reasons for obviousness set forth in the rejection have not been adequately addressed in applicant's remarks, the rejection is still deemed to be valid.

*Conclusion*

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
